

## Safety data sheet according to 1907/2006/EC, Article 31

Printing date 11.05.2020

Version number 41

Revision: 11.05.2020

### \* SECTION 1: Identification of the substance/mixture and of the company/undertaking

- **1.1 Product identifier**
- **Trade name** **tesa Stick + Easy Stick ecoLogo (N)**
- **Article number:** tesa 57010, 57024, 57026, 57028, 57030, 57047, 57076, 57084, 57087, 57088, 57103, 57272
- **UFI:** ETP0-R02Y-S00J-UXWV
- **1.2 Relevant identified uses of the substance or mixture and uses advised against** No further relevant information available.
- **Application of the substance / the mixture** Adhesives
- **1.3 Manufacturer/Supplier:** tesa SE  
Hugo-Kirchberg-Strasse 1  
D-22848 Norderstedt  
Tel.: +49-40-88899-101  
Germany
- **Informing department:** tesa SE, Qualitätsmanagement/Umwelt/Sicherheit, Dr. Dirk Lamm  
Dirk.Lamm@tesa.com, Tel.: 040-88899-2977  
tesa SE, Qualitätsmanagement/Umwelt/Sicherheit, Dr. Jessica Erwin  
Jessica.Erwin@tesa.com, Tel.: 040-88899-6954
- **1.4 Emergency telephone number:** tesa SE, Hugo-Kirchberg-Str. 1, D-22848 Norderstedt  
Security Center Phone +49-40-88899-0  
or +49-40-88899-9111

### \* SECTION 2: Hazards identification

- **2.1 Classification of the substance or mixture**
- **Classification according to Regulation (EC) No 1272/2008** The product is not classified, according to the CLP regulation.
- **2.2 Label elements**
- **Labelling according to Regulation (EC) No 1272/2008** Void
- **Hazard pictograms** Void
- **Signal word** Void
- **Hazard statements** Void
- **Additional information:** Contains 1,2-benzisothiazol-3(2H)-one. May produce an allergic reaction.
- **2.3 Other hazards** The product contains no elutable organic halogens, which will increase the AOX-values of the waste water.  
This product doesn't consist of any halogenated organic compounds (AOX), Nitrates, Heavy Metals (sigma<100 ppm) and Formaldehyde.
- **Results of PBT and vPvB assessment**
- **PBT:** Not classified
- **vPvB:** Not classified

### \* SECTION 3: Composition/information on ingredients

- **3.2 Chemical characterisation: Mixtures**
- **Description:** Water based adhesive of polymeric resins and sodium stearate
- **Characterisation equipment, container:** Housing: recycled Polypropylene (PP) according DIN EN ISO 14021  
Cap: recycled Polyethylene (PE) from post-production waste  
Spindle: recycled Polyethylene (PE) from post-production waste  
Pan: recycled Polyethylene (PE) from post-production waste

(Contd. on page 2)

### \* SECTION 5: Firefighting measures

- |                                                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                                                                                                                                                                |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"> <li>· <b>5.1 Extinguishing media</b></li> <li>· <b>Suitable extinguishing agents</b></li> <li>· <b>5.2 Special hazards arising from the substance or mixture</b></li> <li>· <b>5.3 Advice for firefighters</b></li> <li>· <b>Protective equipment:</b></li> </ul> | <p>CO<sub>2</sub>, extinguishing powder or water jet. Fight larger fires with water jet.</p> <p>Use appropriate fire fighting measures.</p> <p>Can be released in case of fire:</p> <p>Nitrogen oxides (NO<sub>x</sub>)</p> <p>Under certain fire conditions, traces of other toxic gases cannot be excluded.</p> <p>Put on breathing apparatus.</p> <p>Do not inhale explosion gases or combustion gases.</p> |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### \* SECTION 6: Accidental release measures

- |                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                                    |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"> <li>· <b>6.1 Personal precautions, protective equipment and emergency procedures</b></li> <li>· <b>6.2 Environmental precautions:</b></li> <li>· <b>6.3 Methods and material for containment and cleaning up:</b></li> <li>· <b>6.4 Reference to other sections</b></li> </ul> | <p>Not required.</p> <p>No special measures required.</p> <p>Collect mechanically.</p> <p>No dangerous materials are released.</p> <p>See Section 7 for information on safe handling</p> <p>See Section 8 for information on personal protection equipment.</p> <p>See Section 13 for information on disposal.</p> |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### SECTION 7: Handling and storage

- |                                                                                              |                                      |
|----------------------------------------------------------------------------------------------|--------------------------------------|
| <ul style="list-style-type: none"> <li>· <b>7.1 Precautions for safe handling</b></li> </ul> | <p>No special measures required.</p> |
|----------------------------------------------------------------------------------------------|--------------------------------------|

(Contd. on page 3)

## Safety data sheet according to 1907/2006/EC, Article 31

Printing date 11.05.2020

Version number 41

Revision: 11.05.2020

Trade name tesa Stick + Easy Stick ecoLogo (N)

(Contd. of page 2)

- Information about protection against explosions and fires: No special measures required.
- 7.2 Conditions for safe storage, including any incompatibilities
- Storage
- Requirements to be met by storerooms and containers: No special requirements.
- Information about storage in one common storage facility: Not required.
- Further information about storage conditions: None.
- 7.3 Specific end use(s) No further relevant information available.

### \* SECTION 8: Exposure controls/personal protection

- Additional information about design of technical systems: No further data; see item 7.
- 8.1 Control parameters
- Components with critical values that require monitoring at the workplace:
- Additional information: The lists that were valid during the compilation were used as basis.
- 8.2 Exposure controls
- Personal protective equipment
- Breathing equipment: Not required.
- Protection of hands: Not required.
- Eye protection: Not required.
- Body protection: Void

### \* SECTION 9: Physical and chemical properties

- |                                                             |                 |
|-------------------------------------------------------------|-----------------|
| · 9.1 Information on basic physical and chemical properties |                 |
| · General Information                                       |                 |
| · Appearance:                                               |                 |
| Form:                                                       | Pasty           |
| Colour:                                                     | White           |
| Smell:                                                      | Characteristic  |
| Odour threshold:                                            | Not determined. |
| · pH-value: Not applicable.                                 |                 |
| · Change in condition                                       |                 |
| Melting point/freezing point:                               | Not determined  |
| Initial boiling point and boiling range:                    | Not determined  |
| · Flash point: Not applicable                               |                 |
| · Inflammability (solid, gaseous) Not determined.           |                 |
| · Decomposition temperature: Not determined.                |                 |
| · Self-inflammability: Product is not selfigniting.         |                 |
| · Explosive properties: Product is not explosive.           |                 |
| · Critical values for explosion:                            |                 |
| Lower:                                                      | Not determined. |
| Upper:                                                      | Not determined. |

| Solids content:                           | 100.0 %                                    |
| · 9.2 Other information                   | No further relevant information available. |

### SECTION 10: Stability and reactivity

- 10.1 Reactivity No further relevant information available.
- 10.2 Chemical stability
- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- 10.3 Possibility of hazardous reactions No dangerous reactions known
- 10.4 Conditions to avoid No further relevant information available.
- 10.5 Incompatible materials: No further relevant information available.
- 10.6 Hazardous decomposition products: No dangerous decomposition products known

### SECTION 11: Toxicological information

- 11.1 Information on toxicological effects
- Acute toxicity Based on available data, the classification criteria are not met.
- Primary irritant effect:
- Skin corrosion/irritation Based on available data, the classification criteria are not met.
- Serious eye damage/irritation Based on available data, the classification criteria are not met.
- Respiratory or skin sensitisation Based on available data, the classification criteria are not met.
- CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction)
- Germ cell mutagenicity Based on available data, the classification criteria are not met.
- Carcinogenicity Based on available data, the classification criteria are not met.
- Reproductive toxicity Based on available data, the classification criteria are not met.
- STOT-single exposure Based on available data, the classification criteria are not met.
- STOT-repeated exposure Based on available data, the classification criteria are not met.
- Aspiration hazard Based on available data, the classification criteria are not met.

### \* SECTION 12: Ecological information

- 12.1 Toxicity
- Aquatic toxicity: No further relevant information available.
- 12.2 Persistence and degradability No further relevant information available.
- 12.3 Bioaccumulative potential No further relevant information available.

|                                            |                                                                |
|--------------------------------------------|----------------------------------------------------------------|
| · <b>Transport/Additional information:</b> | Not dangerous according to the above mentioned specifications. |
| · <b>UN "Model Regulation":</b>            | Void                                                           |

### \* SECTION 15: Regulatory information

#### · 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

##### · Directive 2012/18/EU

##### · Named dangerous substances - ANNEX I

None of the ingredients is listed.

##### · National regulations

##### · Additional classification according to Decree on Hazardous Materials, Annex III:

Void

##### · Information about limitation of use:

Void

##### · Decree to be applied in case of technical fault:

Void

##### · Water hazard class:

Generally not hazardous for water.

##### · 15.2 Chemical safety assessment:

A Chemical Safety Assessment has not been carried out.

### \* SECTION 16: Other information

This data is based on our present knowledge. However, they shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

This product (product group) is due to the current EC Legislation a nonhazardous material. Therefore this document is not going to be updated on a regular basis.

#### · Classification according to Regulation (EC) No 1272/2008

The classification of the mixture is generally based on the calculation method using substance data according to Regulation (EC) No 1272/2008.
