### **Safety Data Sheet**

Created on 12.04.2001, Revised on 19.11.2021

### 01.Identification of the substance/preparation and company

SaKOTA 50ml Glue Stick

SaKOTA SLOVAKIA s.r.o. Veľkoblahovská 6750/9E 92901 Dunajská Streda SLOVAKIA

Phone: +421 31 550 18 42 Email: sakota@sakota.sk

Emergency call: SK - Národné toxikologické informačné centrum (24h) - 02/547 74 166

## 02. Composition/information on ingredients

Vinyl water dissolution

#### 03. Hazards possibilities

The product doesn't present dangerous characteristics.

#### 04. First aid measures

In case of accident or if you feel unwell, seek medical advice immediatelly.

First aid measures - skin contact: clean with soap and water

First aid measures - eye contact: rinse thoroughly with plenty of water. If symptoms persist, seek medical advice.

First aid measures - ingestion: when swallowed, rinse your mouth with plenty of water, drink 1-2 glasses of water and seek medical aid immediately and show the physician the packaging or the label of packaging.

### 05. Fire-fighting measures

In case of fire use water spray, extinguishing powders, foams, CO2 or sand. Avoid inhaling fumes, make cold with water.

## 06.Accidental releas measures

Absorb with sand or other inert material, clean with a cloth and wash with water.

## 07. Handling and storage

The storage temperature should not exceed 60°C. Recommend storage temperature: 8-25°C. Protect from frost and heat.

Temperatures higher than 100°C will damage in an irreversible way the water dissolution with emission of steam.

# 08.Limit exposure and provide personal protection equipment for personnel

Avoid frequent or prolonged contact with skin and/or eyes.

Hygienic measures: keep away from foodstuffs and beverages. Wash hands before breaks and after work.

## 09. Physical and chemical properties

Appearance
Form: liquid
Colour: colourless
Odour: mild

**Further information** 

Safety data

Flash point/method: not applicable

**pH**: 5

**Boiling point**: 100°C

Viscosity/method: ca.75sec ISO 2431,4mm (23°C) Density/method: ca. 1,04g/cm3 DIN 53217 (23°C)

**Solubility in water**: soluble **Solvent content**: 0,0%

## 10. Stability and reactivity

The product is stable in the storage conditions in section N°7.

### 11. Toxicological information

There is no specific information about the product. The product can irritate the eyes if the contact is protracted. If the problem persists, seek medical advice.

## 12. Ecological information

The product has to be used according to the good working measures, avoiding dispersing it in the environment.

## 13. Disposal considerations

Disposal required in compliance with all waste management related local regulations.

## **14.Transport information**

GGVSee/IMDG-Code: Free UN-NR: Free ICAO/IATA: not restricted article ADR/RID: Free

The transport of the product doesn't present any risk.

## 15. Regulatory information

Labelling in accordance with GefStoffV/EC

Labelling Hazard symbols R phrases S phrases -

The product doesn't require a hazard warning label.

#### WGK (self-classification): 1

## 16. Other information

The information contained in this safety data sheed is provided in accordance with the Chemical Regulations (Hazard information and Packaging).

The product should not be used for purposes other than those shown in Section 1

without first referring to the supplier and obtaining written handling instructions. As the specific conditions of use of tehe product are outside the supplier's control, the user is responsible for ensuring that the riquirements of relevant legislation are complied with. The information contained in this safety data sheet is based on the present state of knowledge and current national legislation. It provides guidance on health, safety and environmental aspects of the product and should not be construed as any guarantee of technical performance or suitability for particular applications.
