

# JET DRYER<sup>®</sup> STORM

## HIGH SPEED AIR HAND DRYER

### REVOLUTION IN HAND DRYING

The **Jet Dryer STORM** combines the compact dimensions of hot air dryers with the drying power of jet dryers. Thanks to its robust metal construction, it is also suitable for highly frequented places.

**Jet Dryer STORM** has a unique nozzle shape in the shape of a blade, a stream of warm air comes out of the dryer through a narrow elongated nozzle. Thus, the water from the hands is not only dried, but also wiped off. Drying is similar to large jet dryers.

### Advantages of Jet Dryer<sup>®</sup> STORM:

-  **Compact dimensions**
-  **Air flow up to 85 m/s**
-  **Narrow blade-shaped nozzle for strong air flow**
-  **Reduction of running costs**
-  **Ecological operation**
-  **Robust metal anti-vandal cover**
-  **Easy maintenance**

Blade shaped nozzle

### Colour options

white ABS / white iron / stainless steel

### SPECIFICATIONS

Voltage:	AC 220-240 V	Trigger system:	automatic
Frequency:	50/60 Hz	IP protection:	IP23
Current:	7,8 A	Operating temperature:	-10°C / +40°C
Total power:	1800 W	Casing material:	ABS / iron / brushed steel
Motor power:	550 W	Long running protection:	Auto. shutoff after 25 s
Heating element power:	1250 W	Overcurrent and overheating protection:	yes
Air filtration:	foam air filter	Drip tray volume:	90 cm
Maximum air speed:	85 m/s	Hand dryer dimensions (h/w/d):	291 x 221 x 152 mm
Air flow:	23,5 l/s	Hand dryer weight:	3,25 kg / 3,84 kg / 3,6 kg
Noise:	78 dB	Packaging dimensions (h/w/d):	350 x 270 x 220 mm
Air heating:	yes	Packaging weight:	3,5 kg / 4,1 kg / 3,84 kg
