

Re-belle microfibre cloth - 40 x 40 cm - pink

GENERAL

Durable, quality microfibre cloth that rebels against waste.

- Made from 100% recycled polyester microfibre and is recyclable.
- Time savings through effective and fast cleaning.
- Can be washed at least 500 times.
- Can absorb almost 7 times its own weight
- Strong edge finish, so that the microfibre cloth does not shrink.
- Cradle to Cradle Certified - Bronze level.

The Greenspeed® Re-belle microfibre cloth is the rebel among microfibre cloths. The Re-belle microfibre cloth is made of 100% recycled material. But that is not all! With the launch of Re-belle, the circle is now fully closed. After hundreds of washes, the Re-belle microfibre cloth is fully recycled to help in the fight against waste.

The Re-belle microfibre cloth is dry, as well as slightly damp, the ideal partner for daily cleaning of practically every surface. The microfibre technology of Greenspeed® guarantees quality and provides this durable cloth with its unique cleaning and absorbing capacities.

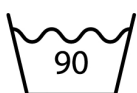

Used dry, the Re-belle is an ideal dust cloth. Slightly damp, it removes dust and dirt without any problem, leaving no wipe marks. TNO research proved that an Re-belle microfibre cloth, charged with only water, removes dirt even faster and more effectively than a traditional cloth charged with a detergent.

Due to the sound finish of the edges of the Greenspeed® Re-belle it is a non-shrinkable microfibre cloth that, even after many launderings, keeps its original dimensions.

USAGE

1. Before using the first time, wash the cloth once in the washing machine.
2. Used dry, it is an ideal dust cloth. Slightly damp, it removes dust and dirt without detergent, leaving no wipe marks. For damp cleaning: Spray on the cloth with a spray bottle or pre-soak. Use 500 ml of water for 15 cloths. Place half of the microfibre cloths in a bucket. Add 250 ml of water (with detergent). Place the remaining cloths in the bucket and add another 250 ml of water. The mops are now damp enough to ensure optimal use.
3. Fold the cloth (3x double).
4. Use all 16 surfaces one by one, change regularly.
5. We recommend washing the cloths at 60° C using a washing detergent suitable for coloured fabrics. Lower washing temperatures help protect the environment.

Machine wash, 90 °C

Do not bleach

Tumble dry, low heat (60 °C)

Do not iron

Wash without fabric softener

Re-belle microfibre cloth - 40 x 40 cm - pink

TECHNICAL SPECIFICATIONS

Dimensions product (WxHxD) 40 x .2 x 40 cm

Colour: pink

Weight: ± 55 g

Material: 100% microfibre (recycled PET)

Density: 340 g/m²

Maximum dimensional change of 3.1 %

LOGISTIC DATA

Product

Article	3303020
Unit	Piece
Content	1 stuk
Dimensions	40 x .2 x 40 cm
Gross weight	55 g
Net weight	55 g
EAN code	EAN 8716254010055

Packing

Quantity per packing	5
Dimensions	20.5 x 4.5 x 22 cm
Gross weight	332 g
EAN code	EAN 8716254010062

Pallet

Quantity per pallet	3600
