

INTENSIVREINIGER EASY eco

General

Intensive cleaner for removing oil, grease and heavy soiling of all kinds. Excellent for use in large kitchens, industry, garages, etc. For effortless cleaning and rinsing of walls, vents, deep fryers, machines and floors. Suitable for use with machines or by hand.

Application areas

For all washable surfaces and floors like PVC, natural and artificial stone, tiles, taps, sanitary porcelain, chrome and stainless steel in the industry, machine industry and garages and kitchens. For machinery, tools, parts and covers.

Dosage

Normal soiling: 10 ml to 200 ml per 10 l of water (0.1 - 2%)
Heavy soiling: 500 ml to 2 l per 10 l of water (5 - 20 %)

Instructions for use

Normal soiling: apply solution - scrub - suck off
Heavy soiling: apply the solution (possibly with a sponge clip), let act 15 - 30 minutes - scrub with machine – suck off (rinse if necessary)
Machine part / machine tools: wash – rinse off (possibly wipe with wrung out rap)

Special advice

Hydrocarbon contaminated water waste over oil separator.
Follow the dosage instructions. Correct dosing reduces water consumption and water pollution. Dispose of the contents / container in accordance with local / regional / national / international regulations.
The manufacturer declines all responsibility for damages from improper product use.
