

BODENREINIGER EASY eco

General

A product specially developed for the new requirements in the cleaning and maintenance sector. For all waterproof floor coverings, coated or especially non-coated (PVC, linoleum, natural and artificial stone, colovinyl, rubber and epoxy). Gives a light glossy, dirt-repellent and tread-resistant protective film, which becomes high-gloss when polished.

Application areas

For all washable floor coverings like plastic, PVC, linoleum, Colovinyl, PU, natural and synthetic stone, rubber and epoxy resin.

BODENREINIGER EASY eco is a product for versatile applications:

- economical wet mopping
- thorough spray cleaning
- automatic scrubber use.

Instructions for use

Wet mopping:	Add 0.5 - 2 dl to 10 l water. Apply solution with a wet mop, allow to act briefly, remove soiled solution and allow floor to dry. Buffing increases the protective film's shine and tread resistance.
Spray cleaning:	Use pure or diluted 1:1.
Automatic scrubbers:	0.5 - 2 dl to 10 litres of water.

Special advice

Not suitable for unsealed wood and unsealed cork floors.

Follow the dosage instructions. Correct dosing reduces water consumption and water pollution. Dispose of the contents / container in accordance with local / regional / national / international regulations.

The manufacturer declines all responsibility for damages from improper product use.
