

# **STRUB VIRO-PROTECT**

## **Dispenser Basic (Spray)**

**Dispenser for liquid disinfectant**

**Art.-No. 955001.PLUS**

### **Description**

The touchless hand disinfection system STRUB VIRO-PROTECT Dispenser Basic (Spray) allows quick and easy hand disinfection and prevents cross-contamination. The battery-operated dispenser is equipped with an automatic sensor. This ensures optimum hand hygiene and protects against viruses & bacteria. The dispenser can be placed anywhere in the room. The built-in container has a large capacity of 1000 ml, which corresponds to about 2500 units.

### **Application**

STRUB VIRO-PROTECT Dispenser Basic (Spray) serves as a dispenser for the disinfectant VIRO-PROTECT, is easy to install, has a long service life and provides good hand hygiene. It can be used in hairdressing, massage and cosmetic salons, as well as in homes, doctors' surgeries, hospitals, hotels and many other places.

### **Instruction manual**

The dispenser is powered by 8 AA batteries and reaches up to 20,000 applications. The system is suitable for liquid disinfectants. We recommend filling with STRUB VIRO-PROTECT (Art. No. 33640). The distance for disinfection of hands under the dispenser should be at least 10 cm in order to evenly moisten the palms of the hands. The dispenser should not be exposed to direct sunlight or reflective objects.

### **Product details**

Capacity: 1000 ml  
Function: contactless per sensor, battery operated  
Size of dispenser: 123x114x262 mm  
Dispenser weight: 1 kg  
Stand Weight: 14 kg  
Colors: black or white, other colors on request

### **Material**

Metal - Powder-coated  
Shield - Plexiglas

### **Note**

Avoid direct sunlight.  
Prevent objects from blocking the liquid outlet
