

STRUB VIRO-PROTECT

Dispenser (Spray)

Dispenser for liquid disinfectant

Art.-No. 955001.SPENDER

Description

The touchless hand disinfection system STRUB VIRO-PROTECT Dispenser (Spray) allows quick and easy hand disinfection and prevents cross-contamination. The battery-operated dispenser is equipped with an automatic sensor. This ensures optimal hand hygiene and protects against viruses and bacteria. The dispenser will be placed on the wall with screws. The built-in container has a large capacity of 1000 ml, which corresponds to about 2500 units.

Application

STRUB VIRO-PROTECT Dispenser (Spray) serves as a dispenser for the disinfectant VIRO-PROTECT, is easy to install, has a long service life and ensures good hand hygiene. It can be used in hairdressing, massage and cosmetic salons, as well as in homes, doctors' surgeries, hospitals, hotels and many other places.

Instruction manual

The dispenser is powered by 8 AA batteries and reaches up to 20,000 applications.

The system is suitable for liquid disinfectants. We recommend filling with STRUB VIRO-PROTECT (Art. No. 33640). The distance for disinfection of hands under the dispenser should be at least 10 cm in order to evenly moisten the palms of the hands. The dispenser should not be exposed to direct sunlight or reflective objects.

Product data

Capacity: 1000 ml

Function: contactless per sensor, battery operated

Size of dispenser: 123x114x262 mm

Dispenser weight: 1 kg

Material

ABS plastic

Note

Avoid direct sunlight.

Prevent objects from blocking the liquid outlet
