

EQUALITY

Strong points

To Help maintain nature's fragile equilibrium without abandoning the very best quality, such is Clairefontaine's ambition as far as Equality is concerned.

Equality offers a perfectly flat sheet with a soft touch for clean and crisp presentations. It stands out through its sheet formation, its opacity and its whiteness which allow for better printed results for text and images. Equality is ideal for colour copiers and printers, both laser and inkjet.

The paper is made for 50 % recycled post consumer fibres and 50 % PEFC certified virgin pulp. It satisfies the demands of Sustainable Development by re-using salvaged papers and by using virgin pulp from ecologically managed forests.

Its characteristics are close to those of a 100 % virgin fibre 80 gsm Clairefontaine paper.

Technical specifications

Substance	g/m ²	80	NF EN ISO 536
Thickness	μm	107	NF EN ISO 534
Bulk	cm ³ /g	1,34	NF EN ISO 534
Brightness	CIE	161	NF ISO 11475
	ISO	110	ISO 2470-2
Bendtsen roughness	ml/min	150	ISO 8791-2
Absolute humidity	%H ₂ O	4,6	NF EN ISO 20287
Relative humidity	% In the air	32	Sword measurement
Opacity	%	94	NF ISO 2471
Formation index	Index on 120	80	Kajaani measurement
