GMO Statement

We do not use genetically modified ingredients for the product. This statement is based on Regulation (EC) No 1829/2003 of the European Parliament and of the Council of 22 September 2003 on genetically modified food and feed.

Publication of this declaration and the information it contains is only permitted if authorized by Storck. Due to possible changes in the recipes, this list can only represent current status; any changes must be inquired after. Moreover, this information does not free from checking the ingredients' list as stated on the products. We have made our statements based on the current status of our findings, truthfully, and to the best of our knowledge. This applies especially in reference to any inevitable, unintentional contamination or cross contamination within the scope of due diligence. This document is not subject to updating service.
