No marking sole

- Upper** Breathable, water-repellent, full grain leather with anti abrasion scuff cap
- Lining** Grain leather with TEPOR membrane and WINTHERM insulation. The innovation of TEPOR consists in the fact that the amount of sweat conveyed externally is proportional to the amount of sweat produced by the foot: the more you sweat the more the membrane works. WINTHERM ensures cold insulation using two combined technologies: the insulation and the REFLECTIVITY. The combination of these two technologies obtains a high degree of thermal insulation with a reduced thickness of the felt and consequent decrease footprint within the footwear.
- Insole** HEAT COMFY Thermoformed, removable, antibacterial, absorbent, needle felt and aluminium designed to isolate the feet from cold keeping them warm and dry even at extreme temperatures (-20°C)
- Sole** New generation polyurethane-rubber. Expanded EXTRA LIGHT polyurethane midsole, guarantees both total comfort and shock absorption on any kind of surface. Anti- static, SUPER GRIP rubber outsole, resistant to a contact heat of up to 300°, Sole slip resistance characteristics at the highest levels, resistant to corrosion by oils and hydrocarbons. No-marking outsole
- Toe cap** **Power Cap** -Composite, ultra-lightweight, undetectable by metal detectors, shock absorption max. 200 Joules, exceptional elastic capacity
- Midsole** Multi-layer composite **TEXON ENIGMA ZERO HT2**, extremely flexible, lightweight, imperceptible during walking. Moreover, it guarantees perfect thermal insulation.
- Size** 38-48
- Weight (size 42)** 740g
