

1. General Product Description

DermaPlast® Sportfix is a self-adhesive, air permeable, tearable, cohesive short stretch bandage.

DermaPlast® Sportfix carries the CE mark according to EU directive 93/42/EEC for medical devices. The product is classified as a class I medical device. A conformity assessment has been performed for DermaPlast® Sportfix and it has been shown to be in compliance with all applicable requirements of the above mentioned directive. The safe use of DermaPlast® Sportfix, therefore, is ensured if the product is used in line with the intended purpose.

2. Application / Indication

DermaPlast® Sportfix is used for fixation and immobilisation in case of over-flexion, sprain and strain.
