

# JET DRYER<sup>®</sup> FORCE

## HIGH SPEED AIR HAND DRYER

### REVOLUTION IN HAND DRYING

The compact **Jet Dryer FORCE** hot air dryer contains the drying power of a jet dryer equipped with a HEPA filter. A powerful hand dryer in an anti-vandal design. A powerful motor in a spacious housing makes this dryer ideal for operations with very frequent traffic. The heating element is designed so that it heats up to operating temperature almost immediately.

The body of the **Jet Dryer FORCE** dryer is made of strong and very tough plastic/metal. You can choose between a painted ABS paste or stainless steel version. The cover is fixed with safety screws. Nothing can be inserted under the dryer and pulled off the wall.

The **Jet Dryer FORCE** dryer is started automatically by an infrared sensor. The dryer is automatically started when hands are inserted. Visitors to your toilets do not have to touch anything. The air coming out of the dryer is filtered through a dust filter.

### Benefits of Jet Dryer<sup>®</sup> FORCE:

-  **Compact dimensions**
-  **Powerful motor delivers strong airflow**
-  **Reduced operating costs**
-  **Eco-friendly operation**
-  **Robust metal anti-vandal housing\***
-  **HEPA filter**

\*except white ABS and black ABS models, which are equipped with a plastic cover
