HORISSIMO M

Modern and perfectly silent, this large quartz clock is ideal for all indoor areas.

From the classic to the trendiest colors, there is necessarily one for you !

High precision quartz mechanism, perfectly silent.

Maximum visibility thanks to its very large diameter (38 cm).

Accurate and legible with its 2 needles, its second hand and the large black numbers on a white background.

Available in 6 colors : black, silver grey, white, red, green and purple.
