

Floor Polish Stripper

Description:

Unlocks metalised emulsion polish, making removal easy. Effective, heavy duty detergent - ideal for all hard surface scrub cleaning jobs. Penetrating acting rapidly loosens dirt and heavy build ups.

Product Uses:

For the stripping of emulsion polish from linoleum, rubber, sealed wood, terrazzo and thermoplastic floors. Also as a heavy duty detergent for removal of impacted dirt from concrete, quarry tile and non-porous surfaces.

Directions:

Polish stripping: dilute 1 part to 10 parts of hot water. Mop floor and allow to soak for 10 to 15 minutes. Scrub thoroughly preferably with a scrubbing pad. Remove solution with a mop or suction drier. Rinse thoroughly and allow to dry before reapplying polish.

Health and Safety:

Contains SODIUM HYDROXIDE

Causes burns. Keep locked up and out of the reach of children. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin, wash immediately with plenty of water. Wear suitable protective clothing, gloves and eye/face protection. In case of accident or if you feel unwell, seek medical advice immediately (show label where possible).
