

Infuse Every Space with Lasting Freshness

The Airloop toilet bowl air freshener offers an effective fragrance solution that effortlessly clips to the toilet bowls providing up to 30 days of consistent scent. Designed with flexible EVA material, Airloop fits a variety of toilet bowl shapes and sizes, trash bins, and is suitable for use in other spaces as a free-standing air freshener. Free from aerosols and propellants, its VOC-compliant and recyclable formulation supports a cleaner, fresher environment. Part of the Professional Passive Program, it harmonizes scents across our other aircare products, ensuring a cohesive fragrance experience without clashes, enhancing environments with simplicity and elegance.

BENEFITS

Effective 30-Day Solution

Up to 30 days of improved restroom ambiance with controlled fragrance release for lasting freshness.

Simple Clip Installation

Clip-on design for seamless and hassle-free application is simple to install and replace as needed.

Exceptional Fragrance Output

Designed for superior fragrance dispersion, delivering a pleasant and consistent scent throughout its use.

Sustainable Edge

Recyclable, VOC-compliant formulation, and minimal packaging for a cleaner, eco-conscious solution.
