

Kensington SmartFit® Mouse Pad

Resting your wrist on a soft, cushioned surface while you click and scroll with your mouse may seem comfortable, but improper positioning can cause discomfort over time. The SmartFit® Mouse Pad not only provides a comfortable gel support, it also allows you to customize and adjust the height of the rest so your wrist is at a neutral angle. An anti-microbial surface resists stains and odors and the non-skid base provides great stability.

Attributes

- SmartFit System lets you measure, adjust and fit the mouse pad to find your ideal comfort colour setting
- Height adjustable inserts are set to your colour and help set your wrist at the correct angle for comfortable clicking and scrolling
- Gel wrist pad provides a cool, comfortable surface that conforms to your wrist and relieves pressure points
- Anti-microbial surface resists stains and odours for a worry-free experience
- Non-skid base provides stability and keeps the wrist rest firmly in place
