## CLEAR COPY.

An A3 angle adjustable copy holder which can be well placed between the keyboard and monitor to help reduce awkward neck and eye movements, thus promoting better health.

The 7 levels of adjustment ensure that the user can obtain a position so suit them. The innovative design also allows the unit to overhang an edge, making it perfect for two tier workstations. Available in both A3 and A4 sizes. And with the aid of the CLEAR COPY free removable rigid shelf, the CLEAR COPY can also support lever arch files and books.

**Padded document shelf – Built-in!**

**Adjustable Reading Surface – Built In!**

**Adjustable Writing Surface – Built In!**

**Removable shelf – Included!**

**Book Holder – Available!**

The intelligent and space saving design of the CLEAR COPY A3 copy
