

Universal Wipes

1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier	Universal Wipes
1.2 Relevant identified uses of the substance or mixture and uses advised against	Use: Disinfection of hands and hard surfaces
1.3 Details of the supplier of the Safety Data Sheet	<p>Company name: Esteego industries ltd Address: 85 Buckshaw Ink Buckshaw village Chorley PR7 7EL UK</p> <p>Telephone: +44(0)1772247771 Email: info@medisanitize.co.uk Website: www.medisanitize.co.uk</p>
1.4 Emergency Telephone Number	0177247771

2: Hazards identification

2.1 Classification of the substance or mixture	
2.1.1 Regulation (EC) No 1272/2008	Mixture not classified as hazardous (CLP)
2.2 Label elements	This product has no label elements
2.2.1 Label elements	
2.3 Other hazards	Not classified as PBT or vPvB

3: Composition/Information on Ingredients

3.1 Mixtures

Chemical Name	Conc. %	CAS No.	EC Classification (1272/2008)
Quaternary ammonium compounds, benzyl(2-hydroxyethyl) chloride	<3%	63449-41-2	Acute Tox. 4, H313; Acute Tox. 4, H302; Skin Corr. 1B, H314; Aquatic Acute 1, H400
Didecylmethylammonium chloride	<3%	7173-61-5	Aquatic Chronic 2, H411; Skin Corr. 1B, H314; Aquatic Acute 1, H400; Acute Tox. 4, H302
Ammon. C12-14 alkyldimethyl N oxides	<3%	30262-28-4	Eye Dam. 1, H318
Sodium ethylhexyl sulfate	<3%	142-31-4	Eye Irrit. 2, H319

4: First-aid measures

SDS01	15-01-21	Page 1 of 4
-------	----------	-------------

Universal Wipes

4.1 Description of first aid measures

Inhalation	When breathing is difficult, trained personnel may assist affected person by administering oxygen. Get medical attention.
Eye contact	Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention if any discomfort continues.
Skin contact	Wash skin with soap and water. Get medical attention if any discomfort continues.
Ingestion	Rinse mouth thoroughly with water. Do not induce vomiting. Get medical attention immediately.

4.2 Most important symptoms and effects, both acute and delayed	
Eye contact:	There may be irritation and redness.
Ingestion:	There may be irritation of the throat.

5: Fire-fighting measures

5.1 Extinguishing media	Suitable extinguishing media for the surrounding fire should be used.
5.2 Special hazards arising from the substance or mixture	In combustion emits toxic fumes.
5.3 Advice for firefighters	Standard protective equipment should be worn by fire fighters, in particular eye/face protection.

6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures	Large spillages are highly unlikely due to pre-saturation of liquid on fabric substrates.
6.2 Environmental precautions	Do not allow product to enter drains. Do not flush into surface water.
6.3 Methods and material for containment and cleaning up	Absorb into dry earth or sand. Transfer to suitable, labelled containers for disposal.
6.4 Reference to other sections	For recommended personal protective equipment see Section 8. For disposal see Section 13.

7: Handling and storage

7.1 Precautions for safe handling	Avoid contact with eyes. Adopt best Manual Handling considerations when handling, carrying and dispensing.
7.2 Conditions for safe storage, including any incompatibilities	Keep in a cool, dry, well-ventilated area. Keep containers tightly closed.
7.3 Specific end use	No relevant information available.

8: Exposure controls/personal protection

8.1 Control parameters	
Exposure controls	No data available
8.2 Engineering controls	Keep in a cool, dry, well-ventilated area.
Engineering measures	None normally required
Respiratory protection	None normally required
Individual protection measures	None normally required

SDS01	15-01-21	Page 2 of 4
-------	----------	-------------

Universal Wipes

Environmental exposure controls	None normally required
--	------------------------

9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance	White nonoxenover packaging pre-saturated with a colourless solution
Odour	Faintly perceptible odour
pH	No information available

10: Stability and reactivity

10.1 Reactivity	Stable under normal conditions of storage/usage.
10.2 Chemical stability	Stable under recommended storage and handling conditions.
10.3 Possibility of hazardous reaction	None expected
10.4 Conditions to avoid	Avoid excessive heat
10.5 Incompatible materials	Strong acids, strong oxidising agents.
10.6 Hazardous decomposition products	In combustion emits toxic fumes

11: Toxicological information

No data available for this product

12: Ecological information

(a) Toxicity	No data available.
(b) Persistence and degradability	Non-biodegradable wipe material.
(c) Bioaccumulative potential	No data available.
(d) Mobility in soil	No data available.
(e) Results of PBT and vPvB assessment	not classified as PBT or vPvB according to current EU criteria.
(f) Other adverse effects	Negligible ecotoxicity.

13: Disposal considerations

13.1 Waste treatment methods	Dispose of as special waste in compliance with local and national regulations. Empty containers can be sent to landfill after cleaning. In compliance with local and national regulations.
-------------------------------------	--

14: Transport information

The preparation is not classified as "hazardous" for transport purposes

15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture	Not applicable.
15.2 Chemical Safety Assessment	A chemical safety assessment has not been carried out for the mixture by the supplier.

Universal Wipes

16: Other information

List of Abbreviations used in this SDS:

CAS	Chemical Abstracts Service
CLP	Classification, Labelling and Packaging Regulation (EC) no 1272/2008
EC	European Community/Commission
PBT	Persistent, Bioaccumulative and Toxic
REACH	Regulation, Evaluation, Authorization and Restriction of Chemicals Regulation (EC) no 1907/2006
vPvB	very Persistent, very Bioaccumulative

R Phrases and H Statements used in Section 3

Acute Tox. 4, H313 - Harmful in contact with skin
Acute Tox. 4, H302 - Harmful if swallowed.
Skin Corr. 1B, H314 - Causes severe skin burns and eye damage.
Aquatic Acute 1, H400 - Harmful to aquatic life.
Aquatic Chronic 2, H411 - Toxic to aquatic life with long lasting effects.
Eye Dam. 1, H318 - Causes serious eye damage.
Skin Corr. 1B, H314 - Causes severe skin burns and eye damage.
Eye Irrit. 2, H319 - Causes serious eye irritation.

Training requirements for workers

No specific training required for workers

This Safety Data Sheet contains information concerning the potential risks to those involved in handling, transporting and working with the material, as well as describing potential risks to the consumer and the environment. This information is based on our present state of knowledge and is intended to describe our products from the point of view of the safety requirements. It should not be construed as guaranteeing specific properties. This Safety Data Sheet is prepared in accordance with information described in the REACH Regulation (EC) No 1907/2006 and classified in CLP Regulation (EC) No 1272/2008.
