

# DUO 2.0

Design by UNILUX in France

«DUO 2.0: ergonomic desk lamp ideal for computer work. Two LED tubes with separate lighting. Optimal diffusion of the luminous flux.»  
DUO is recommended by the Industrial Medicine.»

## LED

### Efficient and visual comfort

DUO 2.0 provides an **ideal visual comfort**, especially when using computer workstations. Fitted with a reflector and a low luminance diffuser, it diffuses an **asymmetric lighting** enabling to light up both the keyboard and the documents, thus reducing contrasts and dazzling, which are source of eyestrain and headaches.

The lamp is equipped with 2 tubes 8W and 2 switches located under the head : that allows the user to bring light only on the keyboard while switching on only one tube, or on the keyboard and the documents at the same time while turning on both switches: **flexibility and savings**

## DESIGN

### Adjustment just as you like

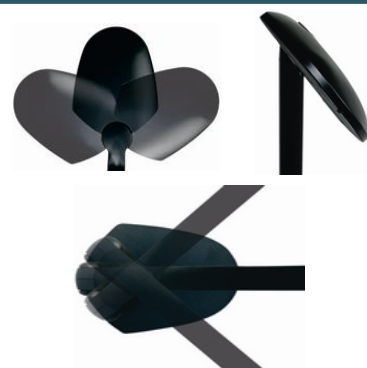

The head of the DUO 2.0 lamp is adjustable in all directions. Its arm swivels at 90° on the foot. Its large streamlined head provides a large diffusion spectrum.

## BENEFIT PRODUCT

### Approval

DUO 2.0 is approved for High-rise buildings and Public-Access buildings (PAB).

Made in France

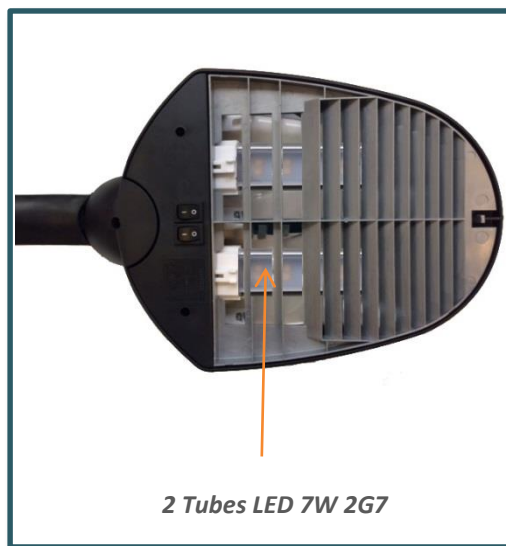

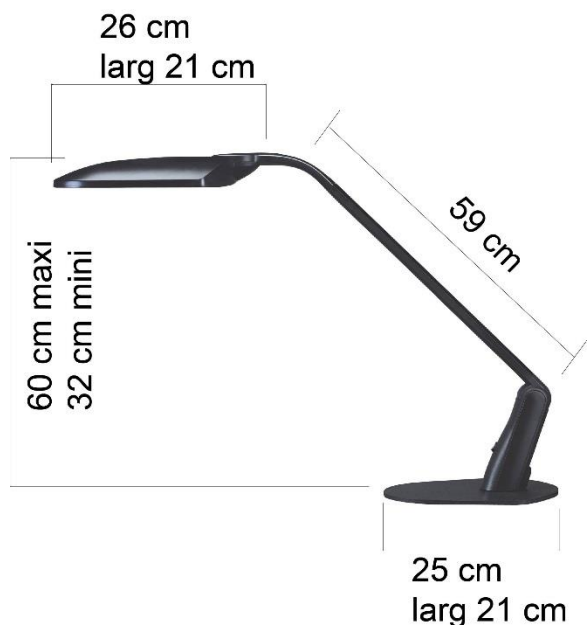

*Head adjustable  
in all directions*

*Foot swivelling  
at 90°*
