Conformity	
STAEDTLER triplus fineliner 334 meet the standards:	
ISO 11540:	'Caps for writing and marking instruments intended for use by children up to 14 years of age – Safety requirements'.
BS7272:	Ventilated caps reduce the danger of asphyxiation for children up to the age of 14 should caps be swallowed accidentally.
ASTM D-4236:	The product is tested by ACMI (Art & Creative Material Institute) and conforms to the US-Standard ASTM D-4236. According to the standard, a qualified toxicologist tests the products.
The products meet the Regulations (EG) No. 1907/2006 (REACH) and No. 1272/2008 (CLP) concerning the Registration, Evaluation, Authorization and Restriction of Chemicals. Labelling Inks: The preparation is not classified as hazardous.	

Usage notes	
Dry safe:	Can be left uncapped for days without drying up. Test conditions according to ISO 554
Washable:	Washes out of many textiles. Does not wash out of silk. Stained clothes should be soaked in cold water and then washed at the appropriate temperature.
triplus® :	Ergonomic triangular barrel for effortless, fatigue-free writing.

Staedtler has been certified to ISO 9001 and ISO 14001 and considered in the selection of raw materials and their processing in the relevant national and international laws to protect the users.
