

JET DRYER[®] BUTTON

HIGH SPEED AIR HAND DRYER

REVOLUTION IN HAND DRYING

Powerful hand dryer in anti-vandal design **Jet Dryer BUTTON** will surprise you with fast drying and rotating nozzle. You can also use it to dry your face or as a hair dryer on hair. The body of the **Jet Dryer BUTTON** is made of strong and very tough metal. You can choose between lacquered metal or stainless steel. The cover is fixed with safety screws. It is not possible to slide anything under the dryer and pull it off the wall. The **Jet Dryer BUTTON** is activated by means of a massive vandal-resistant metal button.

Advantages of Jet Dryer[®] BUTTON:

-  The powerful motor delivers a strong airflow
-  Hygienic air
-  It dries hands and face
-  Reduction of operating costs
-  Ecological operation
-  Robust metal anti-vandal cover
-  Easy maintenance
