

Kensington Presenter Ultimate virtual

The Kensington Ultimate Presenter™ with Virtual Laser Pointer is an innovative presentation tool that works for a variety of environments and screens. Overcoming the shortcomings associated with traditional laser pointers, such as bright LED screens or safety restrictions, the Ultimate Presenter is optimised for use in conference rooms with TV displays, online meetings with remote participants, and large auditoriums with multiple presentation screens. Complemented by versatile storage options and the KensingtonWorks™ software, the Ultimate Presenter is the ideal presentation tool for today's digital world. Optimised to work with macOS®, Windows®, and leading presentation software such as PowerPoint®, Keynote®, Adobe® PDF and Google® Slides.
