USB-C Hub To 3 x USB-A Ethernet - Black

ACH230EUZ

Description

Make the USB-C port on your device go further with the Targus USB-C to USB-A and Ethernet Hub. Simultaneously connect and power up to three USB-A peripherals such as a mouse, keyboard and hard drive from a single USB-C port on your device. Where a wireless internet connection is non-existent, slow, unreliable, or data security & speed are important, this hub enables a fast and consistent connection to hardwired internet and networks through the Gigabit Ethernet port. The slim design makes it ideal for business travel.

Features

- Compatible with USB-C laptops & tablets
- Connect and charge up to 3 USB-A peripherals and enable a wired internet connection through a single USB-C port on your device
- Maximise data transfer speeds and minimise interruptions in areas with poor Wi-Fi with a fast, reliable Ethernet network connection
- Slim & portable design
- 2-year warranty
