Instructions for use:

These goggles protect against low energy shocks (45m/s) but not against dusts, liquids and splashes of fused metal. Before every use, it is recommended to check the goggles carefully, and change them if damaged. Before entering a risky area, make certain that the goggles are comfortably and firmly adjusted on head.

Limits to use:

Not to be used for protection against further hazards than defined above. The spectacles, when in contact with the skin may cause allergic reactions to susceptible individuals. If this occurs leave the hazard area, remove the spectacles and seek medical advice.

Instructions for storage:

Store in the packaging provided out of direct sunlight, away from chemical and abrasive substances

Instructions for cleaning / maintenance:

Wash in tepid water and dry with a soft cloth no abrasive. When unused, do not leave the spectacles out of their package, or do not put them near other items such as tools or other metallic objects if they are not protected.

Performances :

Comply with requirements of the European Directive 89/686, special for ergonomics, harmlessness, comfort, airing and flexibility and with the requirements of the European standards EN166:2001 (FT optical class 1).
