## DIRECTIONS FOR USE

Before using Blu-Tack® refer to the relevant Health & Safety Data Sheet, available at [www.bostik.co.uk](http://www.bostik.co.uk)

## PREPARATION

1. Make certain that the surfaces to which Blu-Tack® is to be applied are clean, dry and free from dust, grease and loose surface material.

## APPLICATION

2. Simply tear off the amount of Blu-Tack® required, pull and stretch until supple, then roll into a ball. Place this between the surfaces to be fastened and press firmly.

## REMOVAL

3. To remove Blu-Tack® roll it carefully off the surface. It can then be used again and again. Any remaining shreds can be removed by rolling or dabbing a blob of Blu-Tack® over the surfaces.
4. The adhesive properties of Blu-Tack® increase with time so take extra care when removing it after a period of months. On some surfaces Blu-Tack® may leave an oily mark but lighter fuel (flammable) or proprietary chewing gum remover (non-flammable) can sometimes remove this.
5. The effect of these liquids on the particular surface

concerned should first be tested on a small, inconspicuous area.

**PRECAUTIONS IN USE**

Do not use Blu-Tack® on absorbent, silk-screen printed or hand stencilled wallpaper, or on porous brickwork.

For health and safety instruction, first aid measures and spillage and disposal instructions, see separate Health and Safety Data sheet for Blu-Tack®.
