REACH DECLARATION FOR SVHC

(Substances of Very High Concern)

Art. 33 of REACH requires that: "any supplier of an article containing a substance of very high concern (as defined in Article 57) or SVHC (Substance of Very High Concern) in a concentration above 0.1% (w/w) shall provide the recipient of the article with sufficient information available to him to allow safe use of the article, including at least the name of the substance".

Information required by REACH (art. 33)

Dear Customer,

By REACH article 33, we have the obligation to provide you with information as soon as we supply products containing more than 0.1% by mass of a SVHC-substance. These substances are not banned and the affected products can continue to be placed on the market, while respecting the obligation to inform the customer.

Lyreco supports actively the objective of this regulation, strives to improve the protection of human health and the environment, and will meet all applicable REACH requirements.
Some tests are carried out and declarations are requested from our suppliers, each time a list is published.

To fulfill our obligations, we hereby like to declare that the SVHC-substance(s) listed below - included in the ECHA Candidate List (list of June 14th, 2023) – is/are present in concentration above 0.1% (mass/mass) in the following product(s):

SAP Code	Product Description	SVHC > 0.1%	SCIP Number
4.674.733	UNI JETSTREAM SXN-150 RT B/PEN 1MM BLK	Lead	7a885438-28af-4621-8bf2-6b8f0231ec8e

The SCIP number(s) mentioned above will allow you to search the ECHA database (https://echa.europa.eu/scip-database), and thus have all the necessary data concerning the affected product(s).
