## DESCRIPTION

Stay cool during the warm summer days with the Tristar table fan. With a powerful but silent motor of 35 Watts and a 12 inch diameter this fan will bring you constant cool air. It has three different speed settings so you can choose the airflow most comfortable for you. This metal retro fan fits perfectly in any interior.

### Simple settings

The Tristar retro table fan three different speed settings you can select by turning the rotary at the back of the fan. Choose the most comfortable air flow for yourself and your surroundings. The table fan is sturdy and robust. The unique retro design makes it an eye catcher in both classic and modern interiors.

### Easy to move

Due to its compact size the Tristar table fan is easy to lift and carry. You can use it at home or in the office as a desk fan.

The fan is stable thanks to the anti-slip feet. It can oscillate 80 degrees so it cools the air in a large area. If you would like to stop the oscillating you can easily do so with the button on the back of the fan.

### What's in the box:

Tristar table fan, instruction manual

### Reasons to choose the Tristar Table fan:

- 35 Watt motor for a powerful air flow
- Three different speed settings for your convenience
- An eyecatcher thanks to its retro design
- Oscillating range of 80 degrees for a larger cooling area
- Safe to use with anti-slip feet and overheat protection
