## **MATERIAL SAFETY DATA SHEET**

### **1. PRODUCT AND COMPANY IDENTIFICATION**

Product Details:

- Product Name: OPP TAPES ( Emulsion Acrylic Based )
- Product Code : CJ-430-T

### **2. COMPOSITION**

Backing: OPP Film  
Adhesive: Emulsion Acrylic Based Adhesive

### **3. HAZARDS IDENTIFICATION**

This product does not present any particular hazard provided, it is handle in accordance with good industrial hygiene and safely practice and under normal conditions of use. Following our present state of knowledge this product is not classified as a hazardous substance.

### **4. FIRST AID**

- Eye: Not specifically applicable
- Skin: Not specifically applicable
- Ingestion: Not specifically applicable
- Inhalation: Not applicable under normal conditions of use.

### **5. FIRE FIGHTING**

- Extinguishing Media: Water, Carbon Dioxide and Dry Chemical
- Fire Fighting Instructions: Keep people away isolate fire area and deny unnecessary entry. Cool surroundings with water to localize fire zone. Hand held carbon dioxide or dry chemical extinguishers might be used for small fires. Soak thoroughly with water to cool and prevent re-ignition.

### **6. ACCIDENTAL RELEASE**

- Not applicable under normal conditions of use

TRUE TAPE TECHNOLOGY SDN BHD

## **7. HANDLING AND STORAGE**

- Handle: good housekeeping and controlling of products are necessary. It's also important to avoid accumulating and giving an impact.
- Storage: the products should be stored in a manner that they are not exposed to ultra-violet light.

## **8. EXPOSURE CONTROL/PERSONAL PROTECTION**

- Engineering Controls: Good general ventilation should be sufficient for most condition.
- Personal Protective Equipment: Not necessary

## **9. PHYSICAL AND CHEMICAL PROPERTISE**

- Appearance/Physical State: Solid
- Form: Opp Film Coating Emulsion Acrylic Based Adhesive
- Colour: Transparent – clear or Brown
- Odor: None
- Vapor Pressure: Not applicable
- Vapor Density: Not applicable
- Boiling Point: Not applicable
- Flammability: The product will burn if ignited
- Solubility In water/Miscibility: Nil
- Specific Gravity or Density: Not applicable
- Organic Solvent: Adhesive is partially soluble in common organic Solvent.

## **10. STABILITY AND REACTIVITY**

- Chemical Stability: Stable
- Condition To Avoid: This product is stable at room temperature and in normal handling condition.
- Incompatibility With other Materials: None
- Hazardous Decomposition Products: On combustion or thermal decomposition toxic gases may be released as oxides of carbon (CO+CO2).

## **11. TOXICOLOGICAL INFORMATION**

- Local Effects: Not applicable
- Information General: Based on our experience and according to our knowledge this product does not have any toxic under normal conditions.

## **12. ECOLOGICAL INFORMATION**

- Degradation & Persistence: This product persists in the soil.
- Destination of the Product: As a very small percentage of a finished product this cannot be determined. Unused product is typically land filled/ incinerated where appropriate.
- Possible Impact / Effect: Not dispersible. This product should not pose any specific problem to the environment.

## **13. DISPOSAL CONSIDERATION**

All disposal method must be in compliance with industry abandonment laws and regulations.

## **14. TRANSPORT INFORMATION**

None

## **15. REGULATORY INFORMATION**

These products are applied to fire fighting laws for designed burnable product.

## **16. OTHER INFORMATION**

The Safety Data Sheet complements, but does not replace, the Product Data Sheet indicating uses for the product but is not to be considered exhaustive. For specialist application such as medicine, surgery and the food industry the manufacturer should be contacted for further information.

The information given in this Safety Data Sheet is based on our knowledge of the product at the time of publication and is given in good faith. The attention of the user drawn to the possible risk incurred by using the product for any other purpose than that for which it was intended. It is the sole responsibility of the user
