

DETTOL HAND SOAP SENSITIVE 250ML

VMN: 3247306

Description

Dettol Antibacterial Hand Wash for Sensitive Skin provides the care and protection your family deserves. This specially developed hand soap not only helps to effectively cleanse your hands but also protects them from bacteria, keeping them healthy and clean. The formula is gentle on the skin and dermatologically tested, making it suitable for even the most sensitive skin types. While it is powerful against dirt and bacteria, it preserves the natural balance of your skin, leaving it feeling refreshed and cared for each time. Dettol Hand Soap offers the perfect combination of protection and care for your hands, every day.

- Antibacterial action
- Gentle yet powerful: helps prevent the spread of bacteria
- Dermatologically tested
- Suitable for sensitive skin
