MAX-MF

S3-LO-408

The no change, metal free safety shoe.

A user-friendly, metal free shoe ideal for the Logistics & Electronics industries. A lower, shoe version of the Melvin, the Max is insulated against static charges and disperses them before they've any chance to build up. A water repellant, penetration resistant shoe thanks to its specially woven layer. Because there's no need to remove the shoe at the factory gates or when checking in with security, you can save valuable time over the course of a day. Moreover, this safety shoe is one of the most easily maintained shoes ever. The outside work is completely washable, thanks to the use of a unique micro fiber. Stains are resisted, fats and grease are repelled, dirt is dispersed.
