The professional way to display:

DURAFRAME®

THE INFOFRAME

DURAFRAME®

DURAFRAME® is the self-adhesive infotablet for the professional display of documents which can be exchanged quickly and easily and read from both sides.

DURAFRAME® stays in place on smooth indoor surfaces such as doors, cabinets, glass panes and walls and can be removed again from solid backing such as glass without leaving a residue.

The colour of the frame is identical on both sides. Can be used in both portrait and landscape format. Various formats ranging from A6 to 70 × 100 cm are available in 8 frame colours to choose from.

1 Remove the protective film.

2 Attach in the desired position.

3 Lift the infotablet and insert materials.

4 Simple! DURAFRAME® can be fixed on solid and smooth surfaces and can be removed from surfaces such as glass.

DURAFRAME®

The self-adhesive info frame for notices, instructions, signage, directions, help or advertisements.

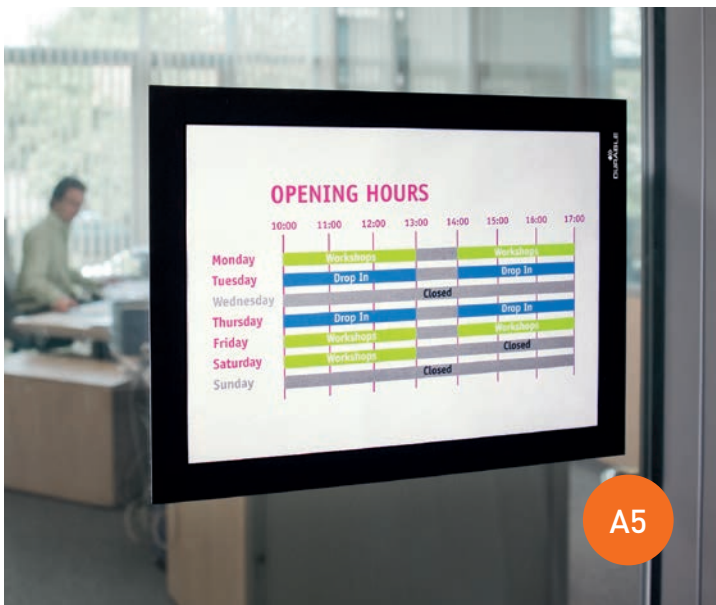

- Surfaces: All solid and smooth surfaces, including glass
- Quick insertion and easy exchange of documents via a fold-back magnetic frame
- Can be fixed on solid and smooth surfaces and can be removed from surfaces such as glass
- When applied to glass, information can be read from both sides
- Frame looks identical from both sides
- For use in portrait or landscape format

For indoor applications.

For information exposed to direct sunlight we recommend you use DURAFRAME® SUN (page 14).

The professional way to display:

DURAFRAME® SUN

THE INFOFRAME

DURAFRAME[®] SUN

The infotable for glass surfaces exposed to sunlight for information and advertising on shop windows and car windows.

The static cling solution for use on glass windows that are exposed to direct sunlight. Thanks to its fold-back magnetic frame, contents are held safely in place and can be exchanged easily and quickly.

Available in two colours and a number of size options from A4 to 70 × 100 cm, the frame can be used in portrait or landscape format.

1 Clean the glass and spray the surface generously with water.

2 Remove the protective sheet.

3 Fix the frame at the moistened glass surface.

4 Press away any water and air bubbles.

DURAFRAME® SUN

Heavy-duty infotrame for use on glass windows exposed to direct sunlight.

- Bubble free attachment via static cling
- Heat resistant up to 70°C
- UV-resistant plastic for up to 2 years
- Leaves no residue once removed
- Reusable
- Easy and quick exchange of contents thanks to magnetic closure
- Can be read from both sides when two posters are inserted
- Identical look of the coloured frame from both sides
- For portrait and landscape formats
- Anti glare plastic
