Size	1	2	3
Head circumference	52 – 56cm	53 – 61cm	59 – 63cm
Colours	-	<ul style="list-style-type: none"> ■ RAL 9016 ■ RAL 1023 ■ RAL 5017 ■ RAL 3020 ■ RAL 6024 custom colours 	-
	parameter		
Material	HDPE (High-Density Polyethylene)		
Weight	approx. 220 g		

APPLICATIONS

- automotive industry
- food industry
- meat processing operations

THERMO
PLAST

Benefits

- **bump cap** giving protection from light impact
- **approved in accordance with DIN EN 812**
- for all environments where safety helmets are not mandatory (e.g. automotive and food industries, meat processing)
- comfortable internal equipment
- secure fit
- low weight
- hygienic due to easy of cleaning
