

Delta Eye and Facewash Shower 2203

Intersafe item number 161463

Wall-mounted eye/facewash shower fitted with 2 sprayer heads, including wall bracket. The sprayer heads provide a gentle stream of water into the eyes. When not in use, the shower heads are protected from dirt by flaps. The eye/facewash shower is fitted with an ABS drain tray which can be connected to a drainpipe.

Applicable standards:

- EN 15154-2:2006
- ANSI/ISEA Z358.1-2009

All Delta showers are independently tested and approved by Tüv
