EYEWEAR

COLLECTION

The **My-T-Gear Eyewear** collection is designed to meet day-to-day protection and comfort needs in a variety of work settings and occupational activities.

Each pair of safety glasses is crafted with high standards to ensure protection and ease throughout the workday. Each pair of frames and glasses is designed for different indoor, outdoor, tech and visitor needs. The chart below explains in detail. All our glass lenses are polycarbonate and made for mechanical protection.

MTG 110

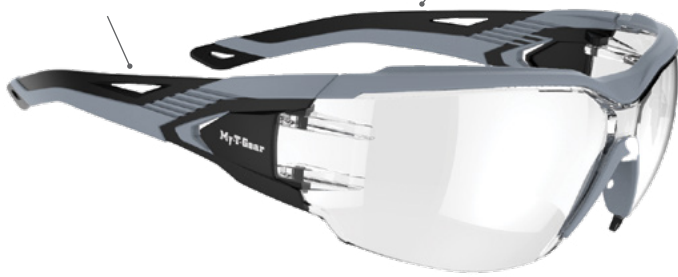

The **MTG 810 & MTG 810G** frames are made of polycarbonate and TPR (thermoplastic rubber). The TPR provides soft grip and comfort. These glasses are for users who need safety eyewear most of the time, but may take them off and on throughout the day. They come in two lens colours, clear and smoke grey.

MTG 810

Retainer strap/hearing protection hole at the back of the arms

TPR on the arms to keep them in place during activity

Top of eye frame has a TPR bridge with a gutter to catch sweat or nuisance splashes, which keeps moisture out of eye area

MTG 810G

Provides a filter to reduce sun glare

MTG eyewear is designed to meet stringent industrial specifications in Europe, ensuring compliance with current standards. These eyewear products adhere to the European Standard EN 166, which specifies the requirements for personal eye protection, including mechanical strength, optical clarity, and resistance to various hazards such as impact, dust, and liquid splashes.

The products are marked on both the lens and frame to confirm the level of protection provided.
