

Ergo-Q 160

The Ergo-Q 160 laptop stand provides you with the best possible support for your mobile screen work in an exclusive design.

The high-quality aluminium sandwich material in several layers makes it very stable and indestructible.

Adjust your laptop screen to the correct height, angle, and distance so that you automatically adopt an ergonomically correct posture.

1. Distance between your eyes and the screen should be 50-80 cm (approximately an arm length), depending on monitor size and resolution. Adjust the distance of your screen.
2. The angle of your line of vision to the middle of the screen should be approximately -35° , so also adjust the height of your screen.

Legal requirements: The laptop is not suitable for longer use without external devices.

A laptop stand with a lot of stability, quality and power.

The Ergo-Q 160 is appropriate for almost any laptop size (up to 17 inches) and works also for tablets and mobile screens. A quick installation of your device is guaranteed, with five levels for the height-adjustment. From now on you will work in a healthier posture with the Ergo-Q 160 laptop stand and raise your laptop screen to the optimum height and viewing angle.

Advantages of the Ergo-Q 160

Just set it up.

The Ergo-Q 160 can be set up in a few seconds. Unfold it and simply put the connection piece, which is made of the high-quality aluminium sandwich material, in one of the five slots.

Laptop work has never been healthier.

You'd like to reduce and prevent physical discomfort and work more productively with your laptop? Then start using the Ergo-Q 160 and stop bending your neck and back "into your screen".

Choose your height.

Choose one of the five levels and set the optimal height for you. The advantage is, that this product is suitable for everyone, no matter how tall you are!

High-quality aluminium sandwich material.

The high-quality aluminium sandwich material of the Ergo-Q 160 is lighter than aluminum and at the same time more resistant to dents. The Ergo-Q 160 consists of one thin and one thick layer of aluminium sandwich material.

Mobile.

The Ergo-Q 160 is perfect for your mobile screen work e.g., when working in the home office, during a meeting in the office, at a client's or on the way there, in a library or café, simply anywhere you can imagine laptop work.

Foldable. Compact.

You can easily take this laptop stand with you anywhere, as it fits into any backpack or laptop bag and thanks to its weight, you don't even notice, that you are carrying it with you.

Knowledge Center

The laptop: now indispensable for office life as we know it. With work locations becoming ever more flexible, the laptop is an essential tool for working at home, at the office or on the move...
