

SCHUBERTH

Technical datasheet

SCHUBERTH® SHP 28-C

DESCRIPTION

Schubert® SHP 28-C helmet mounted hearing protectors are suitable for environments that require the use of head protection in combination with hearing protection, such as, construction, forestry, oil & gas and heavy industry. SHP 28-C helmet mounted hearing protectors can be simply converted into a head, face and hearing protection combination

MATERIAL DATA

Part	Material
1. Attachment arm	POM
2. Spring housing/helmet adapter	PA66
3. Foam liner	Polyether
4. Ear cup	ABS
5. Ear cushion	Polyether & PVC foil
