

Sticky Flipchart Pads

Features

- 30 sheets of high-quality recycled plain paper
- Use this flipchart with the display thanks to its back card (63,5 x 76,2 cm).
- Attach to any surface
- Perforated on the top for easy tear-off.

Long Description

Flipcharts pads are still the way to go. They can be used for brainstorming, planning, or communicating with clients. From presenting to organizing, flipcharts are incredibly versatile. Use flipchart paper to share an idea with all of your colleagues in a spontaneous and interactive way. You can also attach the pages to any surface, the repositionable adhesive strips make it stick again and again. Top perforation makes it easier to tear off the sheets. Take your ideas with you, the sturdy back card features a built-in carry handle for the pad to be carried around. This flipchart pad's sheets contain recycled paper, so please don't forget to recycle it afterward. Supplied as a pack of 2 pads.
