## Product description

The LIVE & GO Europeanbinder + is extra resistant and light thanks to its polyfoam cover. Its 360° opening allows you to save space on the desk or write using it as a support. Forget about drilling all the documents or losing the photocopies thanks to its interior document bag. It is ideal for those who want to transport their notes in an orderly way since it can be transported comfortably and has a special width to incorporate dividers and covers. This folder has a matching elastic closure with the lid. Includes a sheet refill with colored bands. The paper is OptikPaper®: the ink does not pass through. The refill is compatible with the Scribzee app so you can scan and share your notes.
