Product description

The VICKY lamp is equipped with high efficiency LED lighting for low power consumption. In addition, it offers 3 levels of light intensity, allowing everyone to adapt the lighting, throughout the day, according to their needs: relaxation, concentration work, reading, etc. The tactile switch is placed on the base. Equipped with a USB port VICKY uses a FSC wood part on the mast contributes to the preservation of natural resources and reduces your own environmental impact.

Product features

- Optimum lighting (3 levels of intensity): the LED lighting of this lamp provides glare-free, uniform light that does not hurt your eyes.
- Complementary products: lamp perfectly coordinated with BALTIC clock, PRYSKA LED uplighter, ACCESS coat stand and ERGO WELL electric desk.
- Materials: epoxy painted steel and wood beech finish
