Product description

Discover the ELBA L-Folder – your eco-conscious choice for document protection! Crafted from premium recycled PE material certified with the Blue Angel and made from at least 80% post-consumer recycled material, our L-folder makes a real statement for sustainability. With a thickness of 100µm, it not only offers top-notch protection for your documents but also exceptional stability that you can feel. Its generous size comfortably accommodates up to 20 DIN A4 sheets, allowing you to keep your documents organized and secure. With the ELBA L-Folder, you make an environmentally friendly choice without compromising on quality. Protect your documents sustainably and effectively with our ELBA L-Folder!

Product features

- **Recycled Material:** Manufactured from recycled PE material, adhering to the strictest recycling standards and contributing to waste reduction.
- **Sturdy Construction:** With thicknesses of 100µm, our L-folders offer a robust construction that securely protects your documents.
- **Environmental Certification:** The material is certified with the Blue Angel, confirming its environmental compatibility and ensuring you a conscientious product.
- **Versatile Application:** The L-folders are suitable for A4 sheets and feature a convenient opening at the top and right, ensuring they meet your specific requirements precisely.
- **Water-Resistant and Document Protection:** Our L-folders not only provide reliable protection against external influences but are also water-resistant, keeping your documents dry and protected.
- **Easy Organization:** With a capacity of up to 20 sheets, you can neatly and conveniently organize and present your documents.
