

Tork Reflex™ Single Sheet Centerfeed

Think ahead. **Dispenser**

473180

Description

The **Tork Reflex™ Single Sheet Centerfeed Dispenser**, designed to adapt to your workplace flow, is the ideal solution for drying hands and surfaces in professional environments. The single-sheet dispensing allows users to touch only the paper they take, and thanks to the rotating nozzle, it can be accessed from any angle. This system is hygienic, easy to use, and durable, while also reducing consumption by up to 37% compared to the Tork® standard centerfeed system.

- Easy one-handed operation
- Reduces the risk of cross-contamination as users only touch what they use
- Durable design built for tough environments
- Refill indicator ensures you never run out of paper
