

TEMPUS DIARY 2026

Blue

“My personal plan”

January 2026 – December 2026 (12 months)

Softcover polypropylene diary with a metal double loop binding and elastic band closure. Includes two ribbon markers to quickly access the sections you need. The Tempus annual diary helps you plan your goals, objectives and commitments, as it is designed to make daily personal and professional time management easy and adaptable to your lifestyle. On the first pages, you'll find an introductory section explaining how to make the most of your diary, with a tutorial full of practical tips for personal organisation. It also contains useful annual information, plenty of time-planning resources and numerous blank pages for you to personalise with your own notes, reminders and organisational techniques. You can also download additional customisable content from the Finocam website to personalise your diary even further.

Comes with micro-perforated tear-off lists, themed stickers, a transparent pouch and a set of sticky notes. Welcome to a calmer, more organised and happier life: even in a multitasking world, it's important to set priorities and get everything done without stress. Your future depends on what you do today!

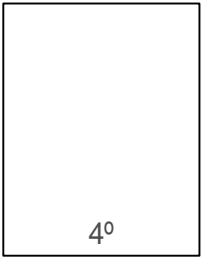

Almost A5 size – combining the advantages of a portable diary and a desk planner.
