FLEXISTOOL EXTENDABLE BENCH

Combining flexibility, sturdiness, and sleek design !

Bench made from honeycomb cardboard, 100% recyclable, biodegradable, and antistatic.

The cardboard sheets are assembled in a honeycomb structure, making the whole unit both ultra-strong and lightweight.

The cardboard has a glossy finish, providing protection against moisture.

Six magnets integrated into the bench's panels allow a quick opening and closing.

The bench is supplied with six leatherette seat cushions, each with a diameter of 30 cm.

Colours : brown, white, black and red

Dimensions : H 42 x D 30 – L 300 cm (max)

Dimensions when closed : H 42 – thickness 15 cm

Logistics : Delivered flat – weight 8.9 kg

Plus product :

Magnetic attachment system

Easy to install and store

Antistatic and moisture-resistant

Supports up to 300 kg per seat

Can be shaped as desired: I, U, L, S

Two handles for easy opening and folding, making it portable

Stretchable up to 3 meters to seat 6 people and retractable to reduce seating capacity if needed.
