## FLEXISTOOL FOLDABLE STOOL

Combining flexibility, sturdiness, and sleek design !

Stool made from honeycomb cardboard, 100% recyclable, biodegradable, and antistatic.

The cardboard sheets are assembled in a honeycomb structure, making the stool both ultra-strong and lightweight.

The cardboard has a glossy finish, providing protection against moisture.

Six magnets integrated in the stool's panels allow a quick opening and closing.

The stool is supplied with one leatherette seat cushion, with a diameter of 30 cm.
