#### 2. Hazard(s) identification

| Physical hazards                             | Not classified.  |
|--|--|
| Health hazards                               | Not classified.  |
| Environmental hazards                        | Not classified.  |
| OSHA defined hazards                         | Not classified.  |
| Label elements                               |  |
| Hazard symbol                                | None.  |
| Signal word                                  | None.  |
| Hazard statement                             | Not available.   |
| Precautionary statement                      |  |
| Prevention                                   | Not available.   |
| Response                                     | Not available.   |
| Storage                                      | Not available.   |
| Disposal                                     | Not available.   |
| Hazard(s) not otherwise<br>classified (HNOC) | None of the other ingredients in this preparation are classified as carcinogens according to ACGIH, EU, IARC, MAK, NTP or OSHA. Complete toxicity data are not available for this specific formulation. Potential routes of overexposure to this product are skin and eye contact. Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this product under normal use conditions. |
| GHS Supplemental information                 | This product is not classified as hazardous according to OSHA CFR 1910.1200 (HazCom 2012).   |

#### 3. Composition/information on ingredients

Substances

| Chemical name              | Common name and synonyms | CAS number | %      |
|----------------------------|--------------------------|------------|--------|
| Water                      |                          | 7732-18-5  | 70-80  |
| Material name: CN055Series |                          |            | SDS US |

| Chemical name   | Common name and synonyms   | CAS number                           | %                     |
|---|--|--------------------------------------|-----------------------|
| 1-(2-hydroxyethyl)-2-pyrrolidone  | -(2-hydroxyethyl)-2-pyrrolidone  |                                      | < 10                  |
| 2-pyrrolidone   |  | 616-45-5                             | <7.5                  |
| Aliphatic diol*   |  | Proprietary*                         | < 5                   |
| Magenta pigment*  |  | < 5                                  |                       |
| Composition comments  | This ink supply contains an aqueous ink for<br>This product has been evaluated using crite<br>Communication Standard). |                                      | ) (Hazard             |
| 4. First-aid measures   |  |                                      |                       |
| Inhalation  | Move to fresh air. If symptoms persist, get  | medical attention.                   |                       |
| Skin contact  | Wash affected areas thoroughly with mild s develops or persists.   | soap and water. Get medical attent   | ion if irritation     |
| Eye contact   | Do not rub eyes. Immediately flush with lar<br>least 15 minutes or until particles are remo                            |                                      |                       |
| Ingestion   | If ingestion of a large amount does occur, s   | seek medical attention.              |                       |
| Most important<br>symptoms/effects, acute and<br>delayed                  | Not available.   |                                      |                       |
| General information   | Wash affected areas thoroughly with mild s   | soap and water.                      |                       |
| 5. Fire-fighting measures   |  |                                      |                       |
| Suitable extinguishing media  | Dry chemical, CO2, water spray or regular  | foam.                                |                       |
| Unsuitable extinguishing media  | None known.  |                                      |                       |
| Specific hazards arising from the chemical                                | None known.  |                                      |                       |
| Special protective equipment and precautions for firefighters             | Not available.   |                                      |                       |
| Specific methods  | None established.  |                                      |                       |
| 6. Accidental release mea   | sures  |                                      |                       |
| Personal precautions,<br>protective equipment and<br>emergency procedures | Wear appropriate personal protective equip   | oment.                               |                       |
| Methods and materials for containment and cleaning up                     | Dike the spilled material, where this is poss<br>or diatomaceous earth, commercial sorben                              |                                      | uch as dry clay, sand |
| Environmental precautions   | Do not let product enter drains. Do not flush  | h into surface water or sanitary sev | ver system.           |
| 7. Handling and storage   |  |                                      |                       |
| Precautions for safe handling   | Avoid contact with skin, eyes and clothing.  |                                      |                       |
| Conditions for safe storage, including any incompatibilities              | Keep out of the reach of children. Keep aw   | ay from excessive heat or cold.      |                       |
| 8. Exposure controls/pers   | onal protection  |                                      |                       |
| Occupational exposure limits  |  |                                      |                       |
| US. Workplace Environment<br>Components                                   | tal Exposure Level (WEEL) Guides<br>Type   | Value                                |                       |
| Aliphatic diol  | TWA  | 10 mg/m3                             |                       |
| Biological limit values   | No biological exposure limits noted for the  | ingredient(s).                       |                       |
| Exposure guidelines   | Exposure limits have not been established  | for this product.                    |                       |
| Appropriate engineering controls  | Use in a well ventilated area.   |                                      |                       |
| Individual protection measures,<br>Eye/face protection                    | such as personal protective equipment<br>Not available.  |                                      |                       |
| Skin protection   | Notavailabla   |                                      |                       |

Hand protection

Not available.

| Other                             | Not available.   |
|-----------------------------------|--|
| <b>Respiratory protection</b>     | Not available.   |
| Thermal hazards                   | Not available.   |

### 9. Physical and chemical properties

| Appearance                                 |  |
|--|--|
| Physical state                             | Liquid.  |
| Form                                       | Not available.   |
| Color                                      | Magenta  |
| Odor                                       | Not available.   |
| Odor threshold                             | Not available.   |
| рН   | 8.5 - 9.5  |
| Melting point/freezing point               | Not available.   |
| Initial boiling point and boiling range    | Not available.   |
| Flash point                                | > 212.0 °F (> 100.0 °C) Pensky-Martens Closed Cup US EPA Method 1020 |
| Evaporation rate                           | Not available.   |
| Flammability (solid, gas)                  | Not available.   |
| Upper/lower flammability or exp            | losive limits  |
| Flammability limit - lower<br>(%)          | Not available.   |
| Flammability limit - upper<br>(%)          | Not available.   |
| Explosive limit - lower (%)                | Not available.   |
| Explosive limit - upper (%)                | Not available.   |
| Vapor pressure                             | Not available.   |
| Vapor density                              | Not available.   |
| Solubility(ies)                            |  |
| Solubility (water)                         | Not available.   |
| Partition coefficient<br>(n-octanol/water) | Not available.   |
| Auto-ignition temperature                  | Not available.   |
| Decomposition temperature                  | Not available.   |
| Viscosity                                  | 3.2 - 3.3 cP   |
| Other information                          | For other VOC regulatory data/information see Section 15.            |
| voc  | < 297 g/L  |
| 40. Otability and reactivity               |  |

#### 10. Stability and reactivity

| Reactivity                            | Not available.  |
|---------------------------------------|---|
| Chemical stability                    | Stable under recommended storage conditions.  |
| Possibility of hazardous<br>reactions | Will not occur.   |
| Conditions to avoid                   | Not available.  |
| Incompatible materials                | Incompatible with strong bases and oxidizing agents.  |
| Hazardous decomposition<br>products   | Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons. |

#### 11. Toxicological information

#### Information on likely routes of exposure

| Inhalation   | Under normal conditions of intended use, this material is not expected to be an inhalation hazard. |
|--------------|--|
| Skin contact | Contact with skin may result in mild irritation.   |

| Eye contact  | Contact with eyes may result in mild irritation.  |              |
|--|---|--------------|
| Ingestion  | Health injuries are not known or expected under not   | mal use.     |
| Symptoms related to the physical, chemical and toxicological characteristics | Not available.  |              |

| Other information            | This SDS was prepared in accordance with USA OSHA Hazard Communications regulation (29 CFR 1910.1200).   |  |
| Disclaimer                   | This Safety Data Sheet document is provided without charge to customers of HP. Data is the most current known to HP at the time of preparation of this document and is believed to be accurate. It should not be construed as guaranteeing specific properties of the products as described or suitability for a particular application. This document was prepared to the requirements of the jurisdiction specified in Section 1 above and may not meet regulatory requirements in other countries.  |  |
|                              | This safety data sheet is meant to convey information about HP inks (toners) provided in HP Original ink (toner) supplies. If our Safety Data Sheet has been provided to you with a refilled, remanufactured, compatible or other non-HP Original supply please be aware that the information contained herein was not meant to convey information about such products and there could be considerable differences from information in this document and the safety information for the product you purchased. Please contact the seller of the refilled, remanufactured or compatible supplies for applicable information, including information on personal protective equipment, exposure risks and safe handling guidance. HP does not accept refilled, remanufactured or compatible supplies in our recycling programs. |  |
