

SmartStore™ Sustain food storage container 1,6 L

SmartStore™ Sustain is a range of food storage containers made from renewable material. The airtight and leakproof containers are perfect for carrying meals or snacks on the go. The rectangular 1,6 liter container is ideal for saving leftovers from the whole family, or bringing sandwiches with you for a picnic. The 0,5 liter, 0,8 liter and 1 liter containers in the same range can be stacked two side-by-side on top of the lid. Made in Finland, with 80 % renewable content (allocated via ISCC mass balance approach). Dishwasher-, fridge-, freezer- and microwave-safe (remove lid before microwaving).
