

Physical Characteristics	
Weatherability	-20 Degrees to 95 degrees, still can be used normally, without changing its adhesive properties
Water resistance	Tension maintaining 50% in water, can be completely recovered after drying
Durability	Release times 2000 times, tension is not less than 80%

Water resistance and abrasion		
Fastness test	Test Material: A grade (pure nylon)	
Test Method	Test Standards	Grade
Washable color fastness	AATCC-61-1980-IIA	3.5
Rubbing fastness	AATCC-TEST METHOD 8-1980	3.5

Adhesive strength		
Wide	Lateral Pull	Vertical Pull
16mm	6.0kg	220g
20mm	7.3kg	280g
25mm	10.5kg	380g
38mm	16.0kg	600g
50mm	21.0kg	800g
100mm	45.0kg	1600g
